

Calibrated Okoume E1

Light, calibrated Okoume-faced panel for joinery and export

A concise technical summary for the dedicated calibrated panel. Okoume is a face veneer; the quotation confirms the core, bond, finish, thickness and documentation for the order.

Attribute	Specification
Face	Okoume (Aucoumea klaineana), pale and uniform
Core	Eucalyptus core for the calibrated E1 construction
Emission class	E1; test report available on request
Calibration	Sanded to a held thickness; final tolerance confirmed in the quote
Reference variant	16 mm panel at approximately 32 kg per nominal 8 x 4 ft sheet
Finish	Bare for the buyer's finish or HPL-laminated where specified
Other builds	Okoume face is also available on MR IS 303 and BWR packing constructions
Supply	FOB Cochin export quotation; sheet size, face combination and quantity confirmed before production

Commercial note

This sheet contains no public price. Quantity, sheet size, destination, availability, final tolerance and delivery terms change the offer and are confirmed by the sales team in the written quotation. Email sales@cochinwood.in or use the quote form at cochinwood.in/contact.
