

IS 303 Commercial MR / BWR

Hardwood-core commercial plywood for joinery and interiors

Two quoteable constructions under IS 303. Select BWR for humid or occasionally wet interiors and MR for dry furniture, cabinetry and panelling; the quotation records the grade and final construction.

Attribute	Specification
BWR standard / bond	IS 303 BWR; melamine-fortified UF or phenolic glue line
MR standard / bond	IS 303 MR; urea-formaldehyde glue line
Core / faces	Hardwood or mixed hardwood, gap-free; Gurjan or keruing face options
Thickness	BWR 6-25 mm; MR 4-25 mm
Standard sheet	1220 x 2440 mm; custom cut-to-size available
BWR use	Kitchens, bathrooms, humid and semi-exterior interiors
MR use	Dry interiors, furniture, panelling and cabinetry
Supply	Full truckload ex-factory Perumbavoor in India; 20 ft or 40 ft container FOB Cochin for export

Commercial note

This sheet contains no public price. Quantity, sheet size, destination, availability, final tolerance and delivery terms change the offer and are confirmed by the sales team in the written quotation. Email sales@cochinwood.in or use the quote form at cochinwood.in/contact.
